**A Mobile Tech Company
With The Focus On Creating A One-Stop Ecosystem
For Residential And Commercial Communities**

ANDROID APP ON
Google Play

Available on the
App Store

Let's get your community onboard today!

Our Awesome Features

General Estate Info

All the information you need about your community; from rules & regulations, to management details, to contracted service providers.

Access Control

Do you have access control in your community? Let EstateMate connect with them and provide a mobile solution to requesting access.

Contact Security

Use the security panic button to request immediate geolocated security response, or send a community alert, or an anonymous tip-off.

Report an Issue

Residents can report anything from general maintenance, to security concerns, all with a geolocation. Management is immediately notified through the app and can therefore address issues quickly and efficiently.

Request Approvals

Would you like approval for your cute pet? or are you wanting to enclose your patio? Use the app to request approvals. Management can approve or reject the requests with ease, notifying you of the decision in no time.

Push Notifications

Management can push notifications, news and feedback to either all app users or selected users. Communication to all residents has never been this simple.

Receive Your Bills

Receive and view your levy bills on the app and get notified when new ones arrive.

Discussion Forum

Do you need to get feedback, opinions or input for a decision or subject taking place in your community? Then create a topic in the forum and open it for discussion.

Controlled Live Chat

Using the LIVE chat function enables the residents to contact management and the body corporate immediately through the app. Management has the ability to respond with a message or discuss further in a group chat.

Voting & Surveys

Use the app to create a poll for your users, either for all to vote, or target a user type to vote. Awesome for decision making!

Service Providers

Use the app to quickly and conveniently get quotes or contact a service provider: From plumbers to painters, from refuse removal to domestic cleaners.

Task Manager

Do you need to keep track of what management needs to do? Or need to assign one of the managers a task. Do it using the app.

Nearby Places

Access all the nearby places (atms, pharmacies, shops and many more...) located in the vicinity of your community.

Booking Facilities

Want to use your communities facilities like the tennis court or the club house? You can view info about the facility and request a booking directly from the App.
